

U.S. Department of Energy Federal Energy Management Program

Alison Thomas FEMP Technical Assistance Program

**DER at Federal Facilities Workshop
Chicago, June 25-26, 2002**

FEMP DER-CHP Strategy

- **Target assistance to address hurdles in federal sector**
- **Focus on markets with highest potential for success**
- **Help interested agencies make informed DER-CHP decisions**
- **Move good projects to deployment**

Agencies can call FEMP for assistance with DER-CHP projects

- **FEMP's Team can help agency sites**
 - Determine if they have DER or CHP potential
 - Understand options with commercial technology
 - Ensure best-value configurations go into their projects
 - Help avoid surprises (e.g., exit fees)
- **Agencies move forward when they are confident that claims are verified and pricing is fair and reasonable**

FEMP Offers Support to Federal Sites

- **Need estimate of CHP potential?**
 - **Quick Screening Service**
- **Need information on options and performance?**
 - **TA to agencies**
- **Need financing?**
 - **Assistance to identify potential partners**

EDUCATION AND OUTREACH

- **CASE STUDIES**
- **DER “HOW TO” GUIDE**
- **CHP MARKET ANALYSIS**
- **OUTREACH MATERIALS**

EDUCATION AND OUTREACH

Training/Workshops

- **DER Hands-on Training for Federal Energy Managers, July 10 and 11, 2002, Albuquerque, NM**
- **DER at Federal Facilities Workshop, Chicago, IL, October 23-25, Boston, MA**
- **DER at Federal Facilities Workshop, Los Angeles, CA, Spring 2003**
